## PSYCH TEST ANSWER SHEET

CANDIDATE'S NAME: Sanskar Singh

TAT - 1

(92) All P Good  
TAT ✓ WAT ✓  
SRT ✓ SD ✓

1. Ram was a 23 year NDRF officer posted at Rudrapur, Uttarakhand. River Mandakini was flowing above the danger levels thereby flooding nearby areas. Ram's NDRF team was assigned the task of rescue and relief operation. Ram gathered his team studied the aerial photographs and maps & made a plan. He briefed his team and took essentials like ropes, harness, lifejacket, food packets, etc. He reached the location with his team and divided them in two subgroups of rescue & relief. He led the rescue team & rescued all the victims using boats, ropes, harnesses, etc. He transferred them to the relief camp where they were provided with necessary medication.
2. Dakesh was a 24 years old engineer working at L & T, Pune. He was assigned the task of reconstruction of dilapidated bridge. He gathered his team, visited the location, performed the soil test & made the blueprint of the bridge. He sent the blueprint to his seniors and got the funds allocated. Thereafter, he hired labours from nearby villages & gathered essentials like cement, bricks, rods, gravel & machines like cranes, diggers, bulldozers, etc. He laid the foundation of the bridge & constructed

it before the date. By these efforts the connectivity b/w two villages was improved.

3. Kartik was a 23 years old B.Tech student of IIT, Delhi. One day while fishing alongside the Neeli Theed he noticed a boy drowning in the lake. He immediately jumped in the lake, held the boy from his shoulders & dragged him out towards the shore. He administered CPR to the boy and successfully revived him. He took him to Apollo Hospital for further medical checkup. He consulted the doctor and after getting approval from the doctor he dropped the boy to his home. Later, he visited the Municipal authorities and requested them to station a lifeguard to prevent such incidents in future.

4. Ransan was a 25 years old BDO recently posted to Chapra, Bihar. He noticed that people of the village were not able to generate enough surplus as they were using traditional farming methods. He addressed the issue to the Sarpanch of the village & organised a meeting. In the meeting he educated everyone about the modern farming methods like Aquaponics, Hydroponics, Terrace farming, drip irrigation system, etc. He also collected funds from the village and installed various solar operated tubewells in the village. Soon, the villagers implemented his ideas and were able to generate enough surplus.

5. Pranjol was a 21 years old B.teen student of  
 NIT, Dehradun. He was selected for inter-college marathon  
 from his college. He wanted to win the marathon and  
 started working hard for it. He focused on muscle toning  
 & used to do sand running and high altitude runs to  
 improve his stamina & endurance. He joined Dehradun Athletics  
 Academy to train under the guidance of a professional  
 coach. He consulted a dietician and made a diet plan  
 of high protein diet. On the day of the race he  
 participated with enthusiasm and won the gold medal.

6. Don was a 20 years old B.teen student of NIT,  
 Trichy. He was assigned to organise a cultural program  
 on the occasion of Independence Day. He gathered his  
 friends, interested volunteers and assigned them various responsibilities  
 like getting mics, stage decoration, distribution of invitation  
 cards, etc. With the approval of authorities he invited  
 a well decorated Kargil veteran as the chief guest. On  
 the Independence day, he welcomed the chief guest &  
 delivered the welcome speech. The program was perfectly  
 organised & Don felt happy for his work.

7. Suojakant was a NCC cadet in Auli, Uttarakhand. He was assigned to organise a shooting competition. He gathered his friends and assigned them various tasks like getting guns, targets, sacks, etc. He also included slithering, tent pitching & digging of trenches in the function. He also invited an Army officer as the chief guest. He participated in all the events and scored the highest points amongst his colleagues. He won the gold medal & felt happy.

8. Chirag was a 28 years old doctor recently posted to Kithore, Hapur. Recently the village witnessed an increase in number of cases of dengue & Chirag was determined to eradicate this vector borne disease. He addressed the issue to the Sarpanch & organised a meeting. In the meeting he made everyone understand the importance of sanitation & hygiene. With the villagers he performed a cleanliness drive & also installed dustbins in the locality. He constructed toilets under the Shuchitva Satayda Yojana. By these efforts the number of cases of dengue decreased & Chirag felt happy.

9. Rohan was a 24 years old DSP posted in Meerut, U.P. One day while patrolling he noticed that two bikes have collided injuring both the drivers. He immediately stopped his patrolling vehicle and reached the spot. He shifted them to the footpath and administered them first aid. He transferred them to the hospital on arrival of ambulance for further medical assistance. He diverted the route of the traffic to avoid further casualties. He also consulted with the doctor & after getting approval he continued his patrolling.

10. Varun was a 20 years old B.Sc Agriculture student of CCSU, Delhi. Recently, his grandfather had died of ageing and had a wish of donating his organs to the needs after death. To fulfill his grandfather's last wish he convinced his family members for the organ donation process and took his grandfather's body to hospital. He consulted the doctor & made required signatures at the reception. After the donation process he took the body back to home and supported his family in hard times.

24 years old

11. Rajit was a DSP recently posted to Mumbai, Maharashtra. He was determined to eradicate drug smuggling from his area of responsibility. He gathered his team and assigned them various checkpoints & increased the patrolling. He made a network of intelligence based on CCTV cameras and local informers. He also made a QRT to react immediately based on intelligence. Soon, he got information that the smugglers were smuggling liquor in the seats of bikes. He caught them red handed with his QRT & got information about their group. By these efforts he eradicated drug smuggling from his AOR.

12. Gopad was a 18 year old student pursuing his CSE from MIET, Meerut. His father was an army officer and used to narrate the stories of his participation in military operations. Drawing inspiration from his father he wanted to become an army officer. He worked extremely hard and cleared his NDA written exam. He focused on his weak areas improved communication skills, built general awareness. By these efforts, he not only cleared his 1st interview but also secured high position in merit list. On receiving the joining letter he felt proud.
